

Maarten Bok

SVP and Chief Financial Officer

Maarten and his team act as the company's financial business partner, leading financial strategy, operations (including information systems) and controls, and merger and acquisition activity.

Prior to his current role, Maarten served as global vice president, Commercial Finance Planning and Analysis. His 27-year career with CSM has included leadership roles in the financial and IT departments, including vice president Finance for Europe, deputy corporate controller for CSM N.V. and controller for North America.

Maarten holds a master in business administration and management degree from the Rotterdam School of Management, Erasmus University.
